# Ephemeral Space Exhibition

THE Bahrain-based Royal College of London-trained artist Demi McLeod is exhibiting again this month.

'Ephemeral space' will be another example of McLeod's deeply emotional and calmly reflective work. Portraying graceful animals such as gazelles,

flamingos, camels and fish she successfully brings forth the simplicity and purity of nature.

At the same time her Cherub series affect complex emotions such as pain, loss and separation.

**GO:** 'Ephemeral Space' shows at the Gulf Hotel luxury Palace lounge, from 29 Jan - 7 Feb. More info: Demi Tel: +973 3642 5701
