## Exploring Emotions

Oguz, Lutfiye

Jeanne, Mohammed, Mohammed

Lovly, Vishwanath

An art show at Gulf Hotel's swank Palace Lounge continues until February 7. Titled "Ephemeral Space," at last month's vernissage, visitors had the opportunity to meet the artist, Demi McLeod, who had organized her first solo show. The artist "explores the transient nature of emotions and the need to cling tightly to them."

Loredana, Pauline

Lisa, Amanda

Having trained at the Royal College in London and been a gallery owner and curator in Australia, Demi now lives in Bahrain. Art-show visitors were fascinated with paintings portraying graceful animals, such as gazelles, flamingos, camels and fish, underscoring the simplicity and purity of nature.
